

## Survey Report of Organosilicon Industry in China

- Present Status of Organosilicon Industry in China
  - Organosilicon industry overview
  - Present status of Organosilicon industry
  - Production status of Organosilicon industry
    - ◆ Producers geographical distribution of Organosilicon industry in China
    - ◆ Main species and consumption of Organosilicon industry in China
    - ◆ Species classification and production of Organosilicon industry in China
  - Imports and Exports Statistic in Organosilicon industry
    - ◆ Imports of main species of Organosilicon industry
    - ◆ Exports of main species of Organosilicon industry
  
- Introduction of Some Organosilicon Industry Enterprises
  - company A
    - ◆ Introduction of major products
    - ◆ Imports and exports Statistic
  - company B
    - ◆ Introduction of major products
    - ◆ Imports and exports Statistic
  - company C
    - ◆ Introduction of major products
    - ◆ Imports and exports Statistic
  
- Role of Foreign Trade Corporation in Import and Export in Organosilicon Industry
  - Role in import in Organosilicon industry
  - Role in export in Organosilicon industry

- The Existing Problems and Development Trend of Organosilicon Industry in China
  - The existing problems of Organosilicon industry in China
  - Development trend of Organosilicon industry in China
  
- Selected Items of “the Outline of the Eleventh Five-Year Plan” in Organosilicon Industry
  - Guidelines and primary objectives of development and structural readjustment in “the Outline of the Eleventh Five-Year Plan”
    - ◆ Guidelines
    - ◆ Primary objectives
  - The chief task of key areas and structural readjustment in “the Outline of the Eleventh Five-Year Plan”
    - ◆ Key areas of “the Outline of the Eleventh Five-Year Plan” development
    - ◆ Chief task of “the Outline of the Eleventh Five-Year Plan” structural readjustment
  - Policy and measures of “the Outline of the Eleventh Five-Year Plan”
    - ◆ Encouraging innovation
    - ◆ Putting a stop to redundant development; eliminating of out-of-date products, technology, equipment
    - ◆ Creating an environment of fair market environment.
